### Call for Papers

The [College Sport Research Institute](#) welcomes the submission of abstracts for its 12<sup>th</sup> annual CSRI Conference on College Sport to be held at the [USC Alumni Center](#):

The conference's mission is to: "Provide students, scholars, and college-sport practitioners a public forum to discuss relevant and timely college sport issues."

#### **SUBMISSION GUIDELINES:**

To be considered for acceptance, abstracts should reflect college-sport research situated at the intersection of sport, politics, economics, law, sociology and society. Such research may investigate race/ethnicity, gender, socioeconomic status, nationalism/patriotism, or immigration issues within college sport. **The research should have reached a fairly complete stage of development, and the abstract should provide enough detail to allow reviewers to judge its quality.** Abstracts proposing teaching-related sessions on college-sport issues will also be considered, as long as the abstract provides sufficient detail to judge the proposed session's quality.

- Abstracts will undergo a multi-person, blind-review process to determine acceptance.
- Submitted abstracts should not be concurrently submitted to another conference.
- There is a two-abstract submission limit, including multi-author submissions.
- Abstracts submitted by students must have an advisor's approval.
- Abstracts on which an advisor is listed as "approving" the submission do not count against the two-abstract submission limit.

Abstracts will be accepted until **Friday, January 18, 2019 (11:59p.m. EST).**
